

Dear Patient:

HealthInsight ESRD Network 18 works with dialysis providers to make sure there is good care. We are working with staff at your clinic to increase their focus on patient quality of life outside of dialysis. We need to hear from you to know if this is successful.

Please answer the question below. Your answer will help to provide a “snapshot” of how your facility is doing. After completing the survey, please place it in the sealed envelope provided to you and return to a member of your treatment team.

Thank you for taking the time to help us. If you have questions, please call the Network at 1-800-637-4767.

**In the last 3 months, has anyone on the dialysis center staff asked you about how your kidney disease affects other parts of your life?**

Yes       No

**Your comments (optional)**
