

An Introduction to Palliative Care

An Introduction to Palliative Care

For All Health Professionals

Did you know that almost every member of your health care team can deliver palliative care?

Physicians, physician assistants, advance practice nurses, nurses, social workers, chaplains, volunteers, and administrators can all benefit from taking a course to learn how palliative care differs from hospice and how to incorporate palliative care into their practice.

Too busy? Tight budget? We make learning convenient and affordable. These online courses are available on demand, 24/7. They are perfect for onboarding new team members or as an introduction to those new to palliative care.

Price varies - Please visit the course catalog for details.
