

QIP System Login: www.qualitynet.org

- **Performance Score Reports (PSR):** Report providing details on the facility's **Total Performance Score**, including clinical quality measures as relate to QIP.
- **Performance Score Certificates (PSCs):** Certificate released/posted annually in the dialysis unit where patients can view summary details impacting facility's Total Performance Score.

Facility Point of Contact (POC) applies for QIP access through [HARP](#) and [EQRS](#).

- No limit to POCs
- Can be POC over multiple facilities.
- Can ask CMS Clarification Questions or submit **Formal Inquiries** during Open Preview Period.

Facility Viewer role has read-only access to PSR.

User ID and Password for both roles chosen during HARP registration

Dialysis Data Login: www.dialysisdata.org

- **Quarterly Dialysis Facility Compare (QDFC):** Contains your facility's **Star Rating**.
- **Dialysis Facility Reports (DFRs):** Summary of quality in facility using claims data as the main source. Often used by state surveyors for review prior to visiting a facility. Also used by the Network to select facilities for Network projects.
- **Preview Period Timeline:**

Most recent timeline available on FAQ page: <https://dialysisdata.org/content/faq>

Master Account Holder (MAH) notifies Network of changes to facility MAH.

- **MAH Username** is the facility's CCN; Password is provided annually by the Network to the MAH on file.
- MAH must also have a **regular user account** to view/comment on DFR/DFC responsible for managing facility's **Regular User** accounts that need access.
- **Regular User:** Can view/comment on DFR and/or DFC as determined by MAH.
 - Username: User's email; Password: Created by user.
 - Account disabled annually. Must be re-enabled by MAH.
